## ABOUT ME

**Software Full-Stack Developer** with over four years of experience building high-performance applications using TypeScript, Next.js, and Node.js. I specialize in aligning the solutions with business objectives and user needs, keeping in mind the experience and efficiency. I am currently completing my final year of a B.S. in **Information Systems Engineering**.

## SKILLS

- **Soft Skills:** Problem-Solving, Collaboration, Leadership, Continuous Learning, Analytical Thinking.
- **Technologies/Stack:** Next.js, React, TypeScript, TailwindCSS | Express, Prisma, PostgreSQL, MongoDB | Playwright, Git, Jira, Figma.

## EXPERIENCE

### Full Stack Developer (Freelance) | AI Implementations and Web Development

2023 - Present

- **Engineered a full-stack platform** (Next.js, TypeScript) for social media analysis, covering the entire pipeline from web scraping to visualizing AI-driven insights.
- **Implemented MCP Servers and Agents** with AI, applying techniques like Retrieval-Augmented Generation (RAG) to integrate advanced language capabilities.
- **Built a patient management system from the ground up** (React, Next.js), developing both the front-end and the back-end API with a strong focus on usability and security.
- **Led the UX/UI design for critical applications** (e.g., an exit poll system), ensuring intuitive workflows for an optimal user experience.

### Full Stack Developer & Systems Analyst

Municipality of Corrientes

2020 - Present

- **Led the full Software Development Life Cycle (SDLC)** for 3 citizen-facing applications, reducing development time by 20% through the implementation of agile methodologies.
- **Conducted business and requirements analysis** to modernize legacy systems (Toba/PHP), serving as a key liaison between users and the technical team.
- **Contributed to the creation of a component library in Figma**, accelerating new feature development by 30% by promoting standardization.
- **Developed landing pages (HTML, CSS, JS) and implemented QA automation scripts**, improving the reliability of deployments.

## EDUCATION

### B.S. in Information Systems Engineering

Universidad de la Cuenca del Plata

2021 - Present

## LANGUAGES

- **ENGLISH** - C1 EF Cert.
- **SPANISH** - Native
- **PORTUGUESE** - Basic
